

Plaque Moved By Progress

The plaque of the late Dr. Frank McVey has been moved from the Margaret I. King Library to the retaining wall at the south side of McVey Hall. The move was necessary because of the remodeling of the library. Dr. McVey was president of the University from 1917 to 1940.

# Tau Sigma Tryout Schedule Announced

Tau Sigma, national modern dance fraternity, has announced tryout schedules for the 1962-63 season.

Practice sessions will be held at 7 p.m., Oct. 11, 15, 16, and 18 in the Euclid Avenue Building. Each applicant must attend three of these four practice sessions.

New members will be chosen from the competition tryouts to be held Oct. 22.

All students interested in dance, regardless of previous experience, are urged to attend the practice sessions.

Tau Sigma proposes to further advanced techniques of dancing and the appreciation of the dance as an art form.

# University students are invited sored by the Chamber Music So- Kyian Queen Nominations

All residence units planning to sponsor a candidate in the 1963 will be the Aeolian Trio, Nov. 15; Kentuckian Queen contest must submit their applications by Thursday.

# Pall Mall Presents~ GIRL WATCHER'S GUIDE

### CAMPUS TYPE I

The High-Stepper is an ideal choice for Campus Type #1 for two reasons. First, she is a fairly common species-and second, she is easy to identify.

Just as the bird-watching beginner should concentrate on the Robin, Sparrow and Cardinal before moving on to more exotic species, the girl watching beginner should master the observation and identification of types such as the High-Stepper before progressing to rarer (and usually more difficult to identify) types.

As in all fine arts, the mastery of fundamentals is the key to girl watching success. This mastery of fundamentals is just as important in the art of cigarette making. Taste Pall Mall and see what we mean!

Pall Mall's <u>natural</u> mildness is so good to your taste!

So smooth, so satisfying, so downright smokeable!

# What Is A Gentleman

A gentleman is one who embodies integrity, gentleness, and maturity.

We wonder how many college men can claim to be gentlemen? Most of them we hope, but there are always a few who have little or no respect for their fellow man, much less them-

Last Friday night the men of this campus had the opportunity to verify this title during the open house parties held by 12 University sororities. In most instances this title held true, but in a few cases several members of the male populace of this campus acted like immature juvenile delin-

There was a complete disregard for the property of others. Glasses were broken, drinks were spilled, cigarettes were put out on floors and rugs rather than in ash trays, walls were damaged, lawns were cluttered

#### Kernels

I like trees because they seem more resigned to the way they have to live than other things do. -Willa Cather.

Nothing that man created is outside his capacity to change, to remold, to supplant or to destroy. His machines are no more sacred or substantial than the dreams in which they originated. -Lewis Mumford.

Change does not necessarily assure progress, but progress implacably requires change. . . . Education is essential to change, for education creates both new wants and the ability to satisfy them.-Henry Steele Commager.

with trash, trophies and other valuable items were stolen. Was this the work of a gentleman?

A gentleman must also be of good character and have a quality all his own. Several students Friday night possessed a quality all their own all right, but they displayed very poor character. Some of the abusive language that was heard during the course of the evening was not fit to be used at a stag party, much less in mixed company.

There were also several instances where the individuals involved had too much to drink. Some students have a confirmed belief that the only way to enjoy themselves is to get bombed out of their minds. We wonder if these people remember the next day their actions of the night before, and if so, would they consider these actions to be those of a gentleman.

One coed had the misfortune of being in the wrong place at the wrong time. She was walking into a room when one student decided to take a swing at another. He missed his original target and hit the coed, breaking her nose.

We suggest that in the future the sororities consider all the facts before inviting the male students of this campus into their houses for an affair of this type. We know that the sororities want to present their new pledges in proper fashion, but we believe more harm than good comes from social functions of this type. It is not the fault of the women, but of the men who claim to be gentlemen. It is a shame that the destructive work of so few have to affect so many.

### University Soapbox \*

# What It Was, Was Cheering

By BILL BAXTER JR.

(A brief episode taken from the files of a certain UK organization.)

"People, there seems to be a problem this semester concerning student spirit at the football games. We've had this problem in years past and we seem to be permanently saddled with it. I'd like to get a sampling of opinions from you, group —who do you think is to blame?"

"It's the students. They're too interested in passing girls around to

Everybody leaves in the second half-definitely the students are at fault.'

"Mr. Chairman, I say the students don't cheer enough."

". . . Students are to blame . . . lousy . . . apathetic . . . finky. . . .

"People are more concerned with their dress, refreshments, and who's with who than they are with the

"Personally, I think it's 'cause your cheers are lousy."

"WHAT!!??"

"Who said that?"

"Of all the nerve!"

"Blasphemy!"

"Throw the bum out!"

"Revoke his monogram!"

"Uh, did I hear someone say our cheers were lousy? Is that correct?" "That's right, I think they're all

about as swift as a pregnant snail."

"Say, you aren't serious, are you? Unless you can support that charge, we may have to boil you in oil. . . .

"Well, let's look at the situation. First let's say that UK, taken as a whole, is an intelligent society-"

"Granted."

"-And that when the entire student body utters something in unison, whatever it says should be worth saying."

"So?"

"Well, at the FSU game, for instance, we were asked to yell, 'Go, Wildcats, beat Floida,' at the tops of our lungs."

What's wrong with that? That's a nifty cheer!"

"Yeah? We were playing Florida State, not Florida. Florida was playing 600 miles away, in Mississippi."

"Oh, come on, fella. That doesn't make any difference. Don't be so technical."

"Sure it makes a difference, especially to the football fan. There's a great deal of difference, for example, between Ole Miss and Mississippi State. Why call one school by its rival's name?"

"All right, fella, how you gonna fit 'Florida State University' into a two-syllable rhythm?"

"What's wrong with 'Go, Wildcats, beat Sem'noles?' Or '-beat Bulldogs' when we play Mississippi State, or 'beat Tigers' instead of 'beat Louisiana (which is what I'm expecting) when we play LSU next week?"

"Hmmmm. . . . "

"Furthermore, the rest of your cheers, with the admitted possible exception of the 'Blue-White cheer,' are insults to the students' intelligence; 'C-A-T-S, Cats!' f'rinstance. Now there's a natural-born winner."

"Watch yourself, fella. I thought up that cheer!"

"Well, it wouldn't be so bad in itself, except that it represents the best we have. Anyhow, be that as it may, Charlie Bradshaw's trying to give us big-time football this year, and we're offering small-time spirit in return. We have the tenth poorest cheering in the SEC, ahead of Tulane and Vandy, and, heck, Vandy's in a conference of its own, anyway."

"What conference is that?"

"The Mickey Mouse Conference." "Oh."

"So, as I said, I'll admit that the students are apathetic. But part of the problem is the fault of your dern high school cheers."

"Well I dunno . . . you say all we need is some swinging cheers?"

# Do We Need More Democrats In Congress

By JAMES MARLOW Associated Press News Analyst

WASHINGTON-President Kennedy's campaign to get even more Democrats elected to Congress in November raises a natural question: How did he do with this present one run by Democrats?

The answer has to be mixed.

In this Congress, where Democrats far outnumber Republicans, hardly any big item he asked got through unaltered. Yet, over-all Congress put through a number of his major requests. It also killed some major ones.

It's been a tardy, dawdling Congress. Until a few weeks ago Kennedy seemed due for a robust flattening. Then, with members anxious to get home for the elections, Congress picked up speed and did important work.

It's still here, though, winding up, after the longest session since 1951, in the Korean War. That year it quit Oct. 20.

In a Democratic society like this it would be astonishing, perhaps lethal, if Congress were so submissive to the executive is gave him precisely and without question everything he asked.

This one didn't with Kennedy. To get much or most of what he wanted, he had to accept compromise meas-

In a very broad sense Kennedy handled both houses of Congress, not like the scrappy and head-knocking President Truman, but like President Eisenhower.

He leaned over bandward to avoid personal conflicts even with those in the capitol who were wrecking some of his programs totally or tearing big holes in them.

But his administration put in a lot of work behind the scenes, with his aides working on individual members of Congress, sometimes with pathetic results. For example:

Rep. Wilbur Mills, Arkansas Democrat and chairman of the very powerful House Ways and Means Committee, was totally against Kennedy's medical care program for the aged. That was it. The program died.

There were efforts Kennedy could have made-like broadcasts to try to rally popular support for his program, hoping the people would put pressure on senators and representatives. He did little of this.

He tried it once on the medical care program but talked off the cuff and the talk was far from his best.

It's true, as he's saying now in his campaigning around the country, that the Republicans in Congress repeatedly harpooned many of his programs.

But so did a lot of his own party members, particularly Southern Democrats who teamed up with Republicans again and again to frustrate him.

If the Democrats had stuck together, voting as a party, they could have drowned the outnumbered Republicans.

Besides medical care, here are two other major Kennedy programs which were simply slaughtered: his proposals for a new department of urban affairs and housing and his request for federal aid to colleges.

Last year Congress ignored his program of federal aid to public (but not Catholic) schools although it can hardly be said he himself worked overtime for that one.

Kennedy fared most perfectly in his requested authority for the government to buy up to \$100 million in U. N. bonds to overcome a U. N. deficit, mostly from its expenses in the Congo.

His biggest, perhaps most farreaching success came with congressional approval of a broad, new trade and tariff-cutting program he will need in dealing with Europe's Commen Market. The program had wide bipartisan support both in and out of Congress.

This was also a prime example of how he had to compromise to get most of what he wanted. Over his opposition Congress in the trade bill put restrictions on trade with Yugoslavia and Poland.

Here were other major programs, which Kennedy had to accept some compromise:

Foreign Aid-The House has approved a compromise of \$3.928.900.-000, a cut of \$1,032,400,000 below his original request.

Taxes-Kennedy asked a seven percent tax credit for business firms for investment in new equipment. Congress gave him that. But it turned down pleas for withholding the income tax on dividends and interest.

Farm Bill-The strict-control farm bill he wanted was tossed aside. Congress finally gave him a farm bill much short of the strict controls he had in mind.

# HANDBILL CASE A Review Of The Issues

On Aug. 5, two University faculty members and a student distributed pacifist handbills to persons attending six local churches. Dr. Abby Marlatt, head of the University's School of Home Economics, along with Edward Morin, an English instructor, and Robert Halfhill, a student, circulated approximately 400 leaflets printed by PEACEMAKERS, a pacifist organization in Cincinnati.

The leaflets, distributed the day prior to the 17th anniversary of the United States' detonation of the atomic bomb over Hiroshima, Japan, pointed out the threat which mankind faces if the armament race is allowed to continue. The pamphlet asks the question: "What can one do?" and then answers it by stating, "You can decide whether to cooperate with the military and political leaders who have carried the world to the point of mutual mass suicide, or holocaust triggered by accident."

The pamphlet then states indiaction. The direct action which is said they are in accord, is that lated. citizens refuse to pay income taxes, refrain from registering for the draft, and join others in peace demonstrations, and in working to become nonviolent individuals, being careful not to exploit or dominate others.

Dr. Marlatt said churches were Sept. 28. chosen as distribution points because she, Morin and Halfhill felt that church members might be the proportion of the population most concerned about peace. She added that the ministers of each of the churches at which the pamphlets were distributed had been contacted in advance and told of the proposals.

In a prepared statement issued

As the controversy over the Marlatt-Morin handbill case continues, there is growing concern among members of the University faculty about implications of the case on the future of the University.

Many faculty members feel that the forthcoming decision by the Board of Trustees on whether or not to take action against Dr. Marlatt and Mr. Morin will indicate whether the University will continue to be a center for the development of ideas, or whether it will revert to the function of a finishing school.

Certain area residents believe the conduct of the two faculty members constitutes a breach of academic responsibility and have urged that Dr. Marlatt and Mr. Morin be removed from the faculty immediately.

These and other issues surrounding the case have been subject to various interpretations during recent weeks. What are the facts underlying the issues? What is the significance of this case in relation to the principles directly involved, the University, the state, and other interested

mitted by our democratic form of government."

No action was taken upon this recommendation, although it was filed with the board.

At this time, the board received a petition signed by 15 area residents; approximately half of whom are Lexington attorneys. group petitioned the board to file formal charges against Marlatt and Morin and bring about their removal from the University faculty. The petition stated that the two, in urging refusal to register for the draft, violated the Universal Military Act, Section 462 of 50 United States Code Appendix.

This act forbids anyone to aid, abet, or encourage another person to evade Selective Service registration. Conviction carries a maximum penalty of five years in prison or \$10,000 fine, or both.

The petitioners based their request for Marlatt and Morin's removal on Kentucky Revised Statute 164.230, which states, "No president, professor, or teacher, shall be removed except for in-

AUGUST 6, 1945 DARK DAY FOR HUMANITY!

On that date the U. S. Air Force unleashed a secretly developed weapon of intense destructive power on the people of japan ..... and on all the people of the world.

For the threat of annihilation has made people in all countries hostages of the world's militariats and scientists, acting under direction of their respective governments.

1945 The Hiroshima Bomb: 20,000 tons of TNT equivalent.

The Situation Now: 1962 The 20 megaton bomb 1,000 times the destructive power of the Hiroshima

The casualties: 260,000 killed in the Riroshima blast.

A 20 megaton bomb would destroy all concrete and brick structures within 200 square miles. 10000 temperatures would make underground shelters a

searing inferno

The U.S. and U.S.S.R. now have the total destructive power of 20 tons of TNT for every human being now alive; or 300 tons for every American citizen WHAT CAN ONE PERSON DO?

Governments hold the power to destroy humanity And these governments are not easily controlled in a democracy, a republic, or a dictatorship

BUT YOU ARE STILL A SOVEREIGH INDIVIDUAL!

YOU can decide whether to cooperate with the military and political leaders who have carried the world to the point of mutual mass suicide, or holocaust triggered by accident.

YOU can oppose these mad military policies by

Even though there has been a complete change in the University football program, the spirit of Blanton Collier still by dumping Western Kentucky 15- poned yesterday because of rain for the Giants against Ralph lingers over Stoll Field on Saturdays. And this has been very evident in the Florida State and Auburn games.

This game called knock football has spread to almost every team in the Southeastern Conference and after three games, it has been acknowledged that the Wildcats are plenty tough the tracksters with a first place and can knock pretty well with the best of them on defense, and established a new course rec-But there is one little thing that seems to haunt Kentucky football squads-conservatism, perhaps better known as sound football. And so far, Charlie Bradshaw has exhibited very Dave Cliness, John Knapp, Forno little daring in guiding the Cats to their 0-2-1 record.

Kentucky's players aren't the greatest, but they give it all ber one runner, finished seventh, they've got, and truthfully, that should be sufficient. But it 21.5 seconds behind Locke. is rather apparent that this SOUND FOOTBALL continues to have already reached the half way bog down our offense. And there is not much doubt that Jerry mark as compared to last year's Woolum's passing is suffering from this new series of sprint- win record. The 1961 cross country

Jerry is the type thrower who needs to plant his feet down three wins in as many tries. before he can toss the long, accurate pass-Jerry Woolum is tanced Cumberland College (22an extremely capable passer given the necessary seconds to 36), Miami University (18-37), and set and throw, and allowing him to drop straight back into Western Kentucky (15-46). a pocket would afford him those extra seconds.

Some people will point out that Kentucky gambled once 1961 SEC champions, Mississippi Saturday, but then this writer might have to reply that the State along with Memphis State, gamble might not have been at the opportune moment.

The first gambling situation came up with seconds re- ing factor in deciding this year's maining in the third quarter. Kentucky was on their 37 yard SEC champions. He also added line, fourth down and a scant five inches away from a first down. Bradshaw elected to kick and as Ken Bocard trotted the ones to watch for the individuout to replace Woolum, it was vivible that there was disap- al scoring honors. pointment among the Cats and several shoulders sagged.

Quite probably, this election not to gamble was the turning point of the game, even though a later decision to gamble was met by elation from the Blue and White, it was too late ... the dead-tired lineman couldn't punch that needed hole in

Auburn's big, fresh line. An earlier gamble however might have!!

What does all that prove? Well, for one thing, it shows that the players want to win very badly, and they are willing, without hesitation, to go-for-broke, so why not let them! Opponents never expect anything but straight football from Kentucky, and you know something, they never get surprised.

Every Wildcat on the field put out a tremendous effort for this game and it was a shame that they were on the short end of the score. Tom Hutchinson, as usual, was great; Junior Hawthorne (as good a tackle as the SEC has), Herschel Turner and Jim 'Red' Hill were walls in that no-man's land of lineplay.

Darrel Cox turned in a good effort both ways for the Cats and Jock Steward and Howard Dunneback played a whale of a game in the defensive secondary.

Kentucky has knocked with three rugged football teams and injuries are starting to catch up with them-Tom Simpson, Dave Gash, Steward Woolum, Bocard,

We're hoping that some members of the thin, blue line get some needed rest against a somewhat weak Detroit, however, QB Jerry Gross could keep this from happening, if he isn't clamped down hard on.

One thing, Wildcats, your shoulders may sag, your feet drag, but keep your heads high-we're all proud of your fight and spirit!

# The Sporting Miss World Series Pas Favors San Francisco Over Yankees

Kernel Sports Writer

If past history holds true to game. form, the San Francisco Giants that the Giants won the fourth and gone west to California. Casey in four games. game of the World Series from the New York Yankees.

Since 1938, when the Ruth-Gehrig era ended, only three teams who won the fourth game have failed to win the series This leaves 20 teams who came out victorious

However, the Yankees do not have reason to give up yet, for even in this there is at least one consolation. The three teams mentioned above who won the fourth game but dropped the series all fell to the Yankees. They were the then Brooklyn Dodgers of 1947 and 1953 and the 1958 Milwaukee

Though the 1962 World Series is far from over, definite trends are developing, many of which bring back memories of past postseason performances.

Throughout the playoffs between San Francisco and the Los Angeles Dodgers, fans made comparisons with the 1951 teams. In that season the Giants climaxed an upset of the Dodgers with a dramatic three-run homer by Bobby Thompson in the bottom of the ninth inning of the final playoff

This playoff is well known to baseball followers: how New York's Giants fought from 131/2 games off the pace to tie Brooklyn on the last day of the season. But not much is said of the World Series with the Yankees which followed.

That year, too, the experts said that the Giants had worn themselves out and would be no match for Casey Stengel's Bronx Bombers. In the long run the experts proved to be right but the American League champions had some anxious moments before the glory was finally theirs.

The Giants' pitching rotation had been upset because of the playoffs and manager Leo Durocher called on Dave Koslo to hurl the opener, holding back his great twosome of Sal Maglie and Larry

Vic Raschi, a notable veteran, was Casey's first-game choice and masterful that afternoon and the

Allie Reynolds brought the next day, outpitching Maglie, 3

The Giants made one last fling. Durocher chose Jim Hearn to pitch rookie named Willie Mays, the Yankees were beaten, 6 to 2.

13 to 1, everyone knew it was over. Leo Durocher has left for the They sewed it up in the sixth Dodgers as a coach. Oh yes, Du-
